

VELA N2201

BLUE

Vela N2201 is our innovative safety light that uses isolated, integrated electronics as the cornerstone of its performance. With its light capacity of 470 lumens, it produces a focused blue light that is very useful for illuminating dangerous situations. Whether used on a forklift in a warehouse as an early warning light for approaching vehicles or as a warning light on a tractor, you can be assured that this premium light will fulfil its purpose, making your work environment safer and more efficient.

Not all products are available in all markets. During continuous improvement specifications and design are changing. All values are nominal values. Illustrations do not necessarily show the design of every version and some features are version specific. The lumens output varies depending on lens colour.

TECHNICAL DATA

Operational Lumens Output	470 lm	Vibration	8Grms 24-2000Hz
Nominal Voltage DC	12 - 48 V	Lens	PC
Input Voltage DC	9 - 68 V	Body	Aluminium
Power Consumption	16 W	Weight	0.5 kg
Nominal Current at	48V=0.3A, 24V=0.7A, 12V=1.4A	IP Rating	IP68, IPK6K9K, SAE J1455
Connector	Built-in Deutsch DT-2 (2-pin)	Salt Spray Test	ISO 9227 240H
Mount	Single Bolt M8	EMC	CISPR 25 Class 5, EN 12895, ISO 13766, ISO 14982, ISO 7637-2
Shock	60G	Operating Temperatures	-40°C... +85°C (Overheat protected)

CONNECTORS

Built-in Deutsch DT-2 (2-pin)

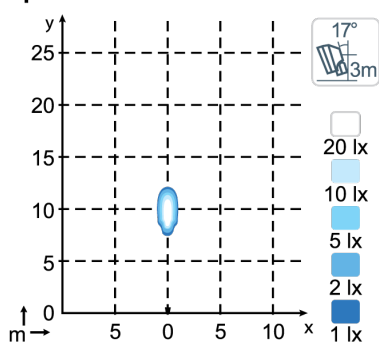

KEY FEATURES

- Safety light
- Focused blue light
- Operative lumens output: 470lm
